

DISCONTINUED USE OR EXEMPT  
BOILER OR PRESSURE VESSEL

I hereby certify that the equipment identified by the North Carolina Number(s) listed below is no longer in service and has been physically disconnected from its energy source, or has been configured to be considered exempt from inspection pursuant to Article 7A State Statute 95-69.10(b). I understand that prior to placing this equipment back into a condition that requires compliance with the Uniform Boiler & Pressure Vessel Act of North Carolina, the equipment must be inspected and possess a current inspection certificate.
