

The following chart shows 2018 incidence rates of nonfatal occupational injuries and illness by industry. The DART rate includes days away from work, job transfer or restriction. The CDAW rate includes cases involving days away from work but does not include restricted activity.

In order to qualify for a safety award, your incidence rate must be equal to or less than the incidence rate listed for your NAICS code.

Note: The rates listed below are 50 percent of the incidence rate for each NAICS code.
