Chapter 7

CFR Revision 154

Subchapter 7F

Field Information System

Standards Improvements for General Industry and Construction Standards

Helicopters, 29 CFR 1910.183

**Final Rule, Corrections and Revisions**

DISCUSSION:

On June 18, 1998, federal OSHA promulgated a final rule that corrected or eliminated provisions from various standards ([63 FR 33449-33469](#)). These changes were made to correct out of date, duplicative, unnecessary, or inconsistent standards.

One of the changes concerns helicopter cranes (Ref: 29 CFR 1910.183). Paragraph (a) is removed because this provision falls under the jurisdiction of FAA regulations.

ACTION:

The June 18, 1998, corrections and revisions (63 FR 33449-33469) were adopted verbatim with an effective date of October 8, 1998. The applicable portions of the referenced *Federal Register* are attached.
