

**North Carolina Department of Labor
Occupational Safety & Health Division**

Raleigh, NC

Chapter 7
Subchapter 7F

CFR Revision 187D

**Field Information System
Occupational Exposure to Beryllium and Beryllium Compounds
29 CFR Part 1910**

Final Rule

A. Discussion:

On July 14, 2020, the Occupational Safety and Health Administration (OSHA) published a final rule that amends the existing general industry standard for occupational exposure to beryllium and beryllium compounds to clarify certain provisions and simplify or improve compliance. The revisions in this final rule are designed to maintain or enhance worker protections overall by ensuring that the rule is well understood, and compliance is more straightforward.

B. Action:

The N.C. Commissioner of Labor adopted this rule with an effective date of January 8, 2021. Reference the [July 14, 2020 Federal Register \(Volume 85, No. 135\)](#) for the details related to these requirements.

Kevin Beauregard
