

## **Education, Training and Technical Assistance Occupational Safety and Health Division**

**For a complete description, please review our [Course Catalog](#)**

Asbestos Awareness

Bloodborne Pathogens

Chainsaw Safety

Concrete and Masonry (Construction Industry)

Confined Spaces (General Industry)

Confined Space (Construction Industry)

Construction Special Emphasis Program

Cranes and Derricks

Electrical Safety (Construction Industry)

Electrical Safety (General Industry)

Ergonomics Awareness

Excavations and Trenching

Exit Routes, Emergency Action and Fire Prevention Plans

Fall Protection in Construction

Fire Extinguishers

Fire Protection (Portable Fire Extinguishers)

Fire Protection (Construction Industry)

First Aid

Food Manufacturing Special Emphasis Program

Hand and Power Tools (Construction Industry)

Hazard Communication

Health Hazards Special Emphasis Program

Heat Stress

Inspection Process

Introduction to OSH and the Code of Federal Regulations (Construction Industry)

Introduction to OSH and the Code of Federal Regulations (General Industry)

Lockout/Tagout

Machinery and Machine Guarding (General Industry)

Materials Handling, Storage, Use and Disposal (Construction Industry)

Materials Handling and Storage (General Industry)

Multi Employer Worksites (Construction Industry)

Occupational Noise Exposure

Personal Protective Equipment (Construction Industry)  
Personal Protective Equipment (General Industry)  
Powered Industrial Trucks  
Recordkeeping and Reporting  
Respiratory Protection  
Respirable Crystalline Silica (Construction Industry)  
Respirable Crystalline Silica (General Industry)  
Safety and Health Programs and Committees  
Scaffolds  
Stairways and Ladders (Construction Industry)  
Steel Erection  
Struck By / Caught Between  
Top 4 Hazards in Construction  
Top 10 Most Frequently Cited Serious Hazards for FFY 20XX (Construction Industry)  
Top 10 Most Frequently Cited Serious Hazards for FFY 20XX (General Industry)  
Toxic and Hazardous Substances (General Industry)  
Tuberculosis  
Walking and Working Surfaces  
Warehousing and Storage and Related Product Distribution Special Emphasis Program  
Welding and Cutting (General Industry)  
Welding and Cutting (Construction Industry)  
Work Zone Safety
